

Outlaw RC Rules

(updated 14 September 2020)

The 2020 – 2021 winter season will have 10 races with 3 drops.

Novices Classes:

- **Buggy** – examples: Traxxas Bandit, Team Associated B6 & TLR22 Buggy
- **Truck** – examples: Traxxas 2wd Rustler, Traxxas 2wd Slash, Team Associated T6.1, SC6.1 & TLR 22 SCT

True Novice and Beginners only.

Racers may compete in both novice classes. You cannot compete in a novice class and a regular class.

Novice Truck racers may also race in the 2wd Slash class (as long as their truck complies with the Slash class rules)

Any 1/10 scale RTR or kit buggy, stadium truck or short course.

No 1/10 Monster Trucks like Traxxas Stampede.

Motor limits: 12 turn brushed, 17.5 turn or 3500kv brushless. Traxxas VXL or Team Associated 3300kv are allowed. Castle 3800kv is not allowed.

House Transponders provided free of charge.

Tires – please bring the least aggressive tires you own. Aggressive tires like Pro-Line Badlands are not acceptable.

No 4x4

Power restrictions may be enforced.

Novice racers please contact the club via Facebook if you have any questions.

Outlaw RC Rules

(updated 14 September 2020)

Classes:

- **17.5 2wd Buggy:** 2.2" or 2.4" / 60mm wheels, 1500g min weight, ESC must be in blinky mode, ESC & motor must be ROAR approved
- **Open 2wd Buggy:** 2.2" or 2.4" / 60mm wheels
- **13.5 4wd Buggy:** 2.2" or 2.4" / 60mm wheels, 1613g min weight, ESC must be in blinky mode, ESC & motor must be ROAR approved
- **13.5 Stadium Truck:** 2.2" wheels, no 2.8" wheels, 1700g min weight, ESC must be in blinky mode, ESC & motor must be ROAR approved
- **Open 2wd Short Course:** 2.2"/3" wheels only, no 1/8 scale wheels, no 4wd conversions, no "550 can" motors
- **2wd Traxxas Slash:**

Requirements:

2wd Slash (regular or LCG)

Titan 12t motor

XL-5 esc

any Traxxas servo

Traxxas wheels and tires (stock tires that have been sanded smooth are not in the spirit of this class)

Traxxas shocks and springs

Outlaw RC battery rules apply

Outlaw RC chassis protection rule applies (duct tape over screw heads will suffice)

Transmitter & receiver: any brand are allowed except Traxxas TSM capable TX/RX.

- **Rear bumper mount (RPM80902 / 80905) is required to save the carpet from the poor Traxxas design.**
- **What's allowed:**
 - Anything from Traxxas for the Slash 2wd and 4wd (that fits without modifications).
 - Any short course body (please remove any mirrors etc to protect the carpet)
 - Hardware (screws and nuts):
 - Any screw or nut, does not have to be Traxxas brand.
 - The Traxxas inner hinge pins may be replaced, they are prone to coming loose and may damage the carpet.
 - No RPM parts are allowed (except as stated above)
 - Chassis modifications like drilling large holes to save weight are not allowed.
 - No home-made parts like sway bars etc.
 - Rustler conversions are not allowed.

Outlaw RC Rules

(updated 14 September 2020)

Tires:

Slick tires are recommended, worn clay tires are allowed. No pin type tires. No foam tires.

Slash class: see above

No tires warmers.

Traction compound must be SXT Racing or TDK only.

Batteries:

6 or 7 cell NiMh

2 cell LiPo hardcase only. Traxxas LiPos are not considered hardcase.

Max charge rate 15A – this is for safety reasons.

Dedicated battery dischargers are not allowed – this is for safety reasons.

8.40V max voltage at tech inspection, LiHv are allowed.

General

No 1/10 scale Monster trucks or anything 1/8 scale on the carpet track.

All minors must have their legal guardian present at all times.

Ride Height

Minimum 17mm for all classes.

Outlaw RC Rules

(updated 14 September 2020)

Mandatory for all racers:

Chassis protectors

All screws on the bottom of the chassis MUST be covered by a chassis protector. Duct Tape is not a chassis protector (Traxxas Slash/Rustler/Bandit may use duct tape). If you have to turn over the car to access the screw, it has to be covered. Yes, that includes the front bumper screws.

All drivers must marshal immediately after their race, no exceptions. If you cannot marshal, you must find somebody to marshal for you.

Personal Transponder (Novice and Slash Classes exempt)

All wings must have rounded ends, no sharp 90 degree ends.

Tires must be dry before going onto the track. Please, wipe off all sauce or use the dedicated burn out carpets.

Only dedicated burn out carpets may be used for burn outs. If a racer is found to be disrespectful to the carpet/track, he/she may be asked to leave.
